

AS 9100 Internal Quality System

Start Date: 7/10/2019 8:00 AM

End Date: 7/11/2019 4:30 PM

Objectives

This two-day workshop provides hands-on practice in using AS 9100 to evaluate and audit the critical processes of a quality system. It is designed for all areas of manufacturing and service, and covers key aspects of auditing within a firm and for vendors. Participants will receive a certificate of training for AS 9100 Internal Auditing.

Outline

- Overview of AS 9100 requirements, including risk management
- Explanation of additions to original ISO 9001 standard
- Identification of nonconformities
- Parts of the audit system
- How to plan (turtle diagrams, checklists) and conduct an audit
- Auditing Techniques
- Writing the audit report
- Preparation for third-party certification
- What is a Process Effectiveness Assessment Report (PEAR)?
- Follow-up of Corrective and Preventive Actions
