

# Precision Measurement for Industrial

**Start Date: 3/11/2020 8:00 AM**

**End Date: 3/11/2020 4:30 PM**

## COURSE OBJECTIVES:

At the end of this course the student should be able to:

- Understand appropriate use for measuring instruments
- Select appropriate measuring instrument
- Use calipers, outside and depth micrometers
- Select appropriate gage blocks for stack-up

## COURSE OUTLINE:

Steel Rules  
Accessory Tools

Small Hole Gages  
Telescope Gages  
Thread Wires

Squares  
Micrometers  
Calipers  
Height Gages  
Depth Micrometers  
Angular Measurement  
Gage Blocks

## Location(s)

Alabama Workforce  
Training Center (AWTC)  
3500 6th Ave S  
Birmingham  
Alabama
